“The staff at YC&E was most professional throughout the planning phases of our event as well as during the program. They brought the many resources of their department to the program, with offers to assume responsibility for tasks that otherwise would have over-burdened other team members...”

Martha Dale, Global Health Leadership Institute

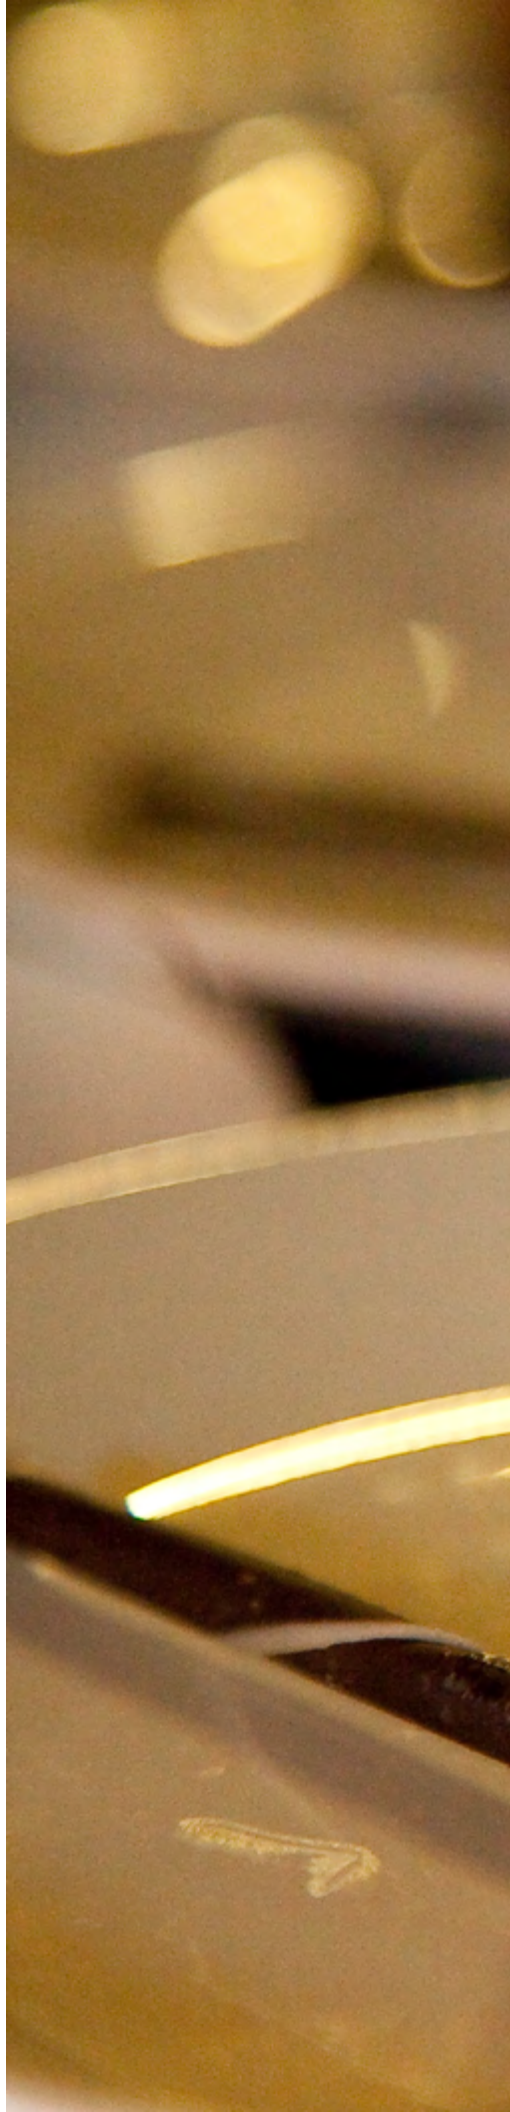

The residential experience

Yale's distinctive Residential Colleges are home to future artists and scholars, tomorrow's captains of business and industry, and the next generation of world leaders. During the summer months, we invite you and your participants to stay overnight in the Residential Colleges and share in this legacy.

These historic spaces, all recently renovated, offer flexible suite-style living arrangements to cater to the needs of youth and adult participants. Each Residential College has a library, computer lab, dining hall, and various creative and recreational spaces. Premium amenities include air-conditioning, daily housekeeping, and kitchenettes.

A **fresh** dining experience

Our dining and catering services are designed to support your important work. From coffee breaks to conference meals and world-class banquets, we pamper your palate with the freshest and finest ingredients.

The **New Haven** experience

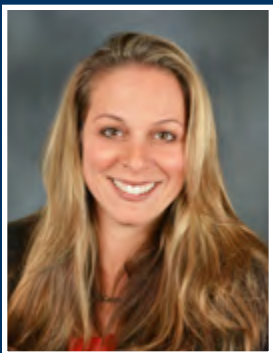

Exploration of downtown New Haven's pedestrian-friendly streets yields a vibrant and thriving city that abounds with cultural opportunities. Conveniently located between Boston and New York, the city is large enough to be interesting, yet small enough to be friendly.

Discover New Haven

- World-class museums and theaters, galleries, libraries, and symphony orchestras,
- More than 120 restaurants with cuisines to tempt every palate right outside your door,
- Three carefully curated shopping districts,
- Major special events and festivals throughout the year, especially during the summer.
